

**...together
we have
so much
to gain!"**

The purpose of Partners in Education is to bring schools, community and business together to share resources in mutually beneficial activities that improve the educational process and promote lifelong learning.

The Community Partnership Advisory Council's goals are:

- to expand and enrich classroom activities for students
- to create a climate of involvement and interaction between the community and the schools
- to provide career and academic role models for students
- to increase understanding and communication between the school district and community
- to provide links that help students understand relationships between school and work

Mission Statement

The Community Partnership Advisory Council facilitates, supports and fosters mutually beneficial school partnerships with public, private and community sectors.
