### Nut Free Snacks

	A	B	C	D	E	F	G	H	I	J	K
	<p><b>The Farmington Public Schools' Nut Restricted School policy outlines the following:</b></p> <ul style="list-style-type: none"> <li>* Food labels that say: <b>“Processed in a facility that also processes nuts”</b> or <b>“Processed on a machine that also processes nuts”</b> (or similar wording) are <b>OK to bring to school for personal consumption, but may not be shared with others.</b></li> <li>* Food labels that say, <b>“May contain peanuts or tree nuts”</b> (or similar wording) are <b>NOT OK to bring to school to eat.</b></li> <li>* If labels have no allergy information, those food items, in most circumstances, are considered OK for children without nut allergies to consume in school. However, these food items that are not labeled with allergy information should not be given to children with nut allergies.</li> <li>* <b>All people in a Nut Restricted school, before, during and after school hours, are asked to follow the Nut Restricted efforts</b> by being extra vigilant to ensure no nut containing products enter the school for the safety of the students with nut allergies. This is due to cross-contact issues that can result with nut oils/residue left on surfaces.</li> <li>* If a student brings a nut product to school, we simply use a Ziploc bag to immediately bag the item with a reminder label that says, “Wood Creek is a Nut Restricted School, Please Enjoy this Food Item at Home.” Then we send the item home with the child at dismissal. If the item is a large part of a student’s lunch, we have some nut-free healthy food items in the office and cafeteria that we give to the student.</li> <li>* Please consult the Farmington Public Schools’ website for additional information and FAQs about Nut Restricted Schools.</li> </ul> <p>This list includes snack items which do not contain peanuts or tree nuts, and at which local stores they can be found. None of these items have been produced or processed in facilities in which peanut or tree nut items are also produced or processed. These snack items meet the Farmington Public Schools’ requirements for nut-free foods for personal consumption as well as for sharing among students, staff and visitors. Please note that manufacturers’ ingredient lists are subject to change. Please check the ingredients list each time before sending a snack item to school. Your cooperation is greatly appreciated as we work together to ensure our allergic students’ safety at school.</p> <p>Note: Items shown in <b>BOLD</b> type offer Box Tops or Labels for Education; Items in <i>ITALIC</i> type are Michigan-made products.</p> <p><b>Items purchased from store bakeries DO NOT meet the Nut Restricted School requirements. This includes Meijer, Kroger, Busch’s, Hiller’s, Heartland Marketplace, Walmart, Costco, Sam’s Club and any other bakery which is not specifically NUT FREE.</b></p>
