

North Farmington High School

32900 W. 13 Mile Road • Farmington Hills, Michigan 48334 • 248.785.2005

2010-2011 Annual Report

Principal

2010-2011 Rick Jones

2011-2012 Joe Greene

About Our School

North Farmington High School serves 1,379 students (665 females, 714 males) in grades 9-12. There are 64 full-time and 8 part-time professional teaching staff members and appropriate staff to meet special needs.

School Mission Statement

The Mission of North Farmington High School is to build a safe, educational community that honors achievement, encourages genuine effort, and celebrates diversity in a technological world where a caring, educated person will be a productive, contributing member of society. We will accomplish this goal in a spirit of respect and partnership with open communications among parents, students, staff and community.

MEAP and MME Scores

North Farmington High School Improvement Goals

1. Continue NCA District goals
2. Annual Interdisciplinary Study: "50 Years of Excellence at NFHS"
3. Continued to develop LINK program

Progress on School Improvement Goals

1. Worked with District on establishing NCA goals in reading, writing, and math.
2. Interdisciplinary study involved related art, music, involvement in microfinance, a special issue of the *Northern Star* and a plan to build a World Trade Center (WTC) memorial – outdoor classroom with a piece of the WTC in a sculpture. This will be at least a two-year project.
3. LINK – our upperclassmen mentoring/transition program for incoming freshmen has continued to have significant impact – creating relationships and academic support (LINK Alerts, Cocoa and Cram, etc.)

District Student Achievement Data

Students are assessed through the Farmington Public Schools' Assessment Model. Assessments provide multiple opportunities and a variety of approaches to measure student achievement against the State standards and content expectations. Standardized tests are used to compare student performance against State (Michigan Educational Assessment Program also known as the MEAP and Michigan Merit Exam) and national (ACT Series and Iowa Tests of Basic Skills) results. In addition to standardized tests, end of grade, term and unit assessments provide teachers with information about student achievement that is tied directly to the curriculum (e.g., mathematics, language arts). Classroom assessments are not limited to paper/pencil tests and may include portfolios, demonstrations, research projects and other direct measures of performance. The goal of the assessment program is to provide all students with varied and fair opportunities to demonstrate what they know and are able to do. This complete assessment program is used to monitor the learning of all students and provide feedback for instructional and curricular purposes. We assess all of our elementary students annually with Iowa Tests of Basic Skills, Fountas & Pinnell reading assessment, and 6+1 Writing Traits assessment to determine skill levels in mathematics and English Language Arts.

High School Curriculum Development

Curriculum maps (K-12) and common assessments continue to be developed and updated for grade level content areas and courses. These maps identify and prioritize essential learnings for our students at each grade level. Completed curriculum maps are available on the District web site and the staff curriculum shared folders. Research-based strategies are incorporated into the maps as learning and teaching tools. Reader and writer's workshop continues to be a District direction, along with inquiry hands-on learning. Relationship building strategies among and between staff and students is also a focus. A standards-based report card is utilized to reflect student expectations. All curriculum development is done by committee with strong teacher leadership, using State standards as the guide.

National Education Legislation

On January 8, 2002, President Bush signed into law the No Child Left Behind Act of 2001 (NCLB). This law contains the most sweeping changes to the Elementary and Secondary Education Act (ESEA) since it was enacted in 1965. It changed the federal government's role in kindergarten through grade-12 education by asking America's schools to describe their success in terms of what each student accomplishes. The Act contains four basic education reform principles: stronger accountability for results, increased flexibility and local control, expanded options for parents, and an emphasis on teaching methods that have been proven to work. Farmington Public Schools is addressing the implications of this federal legislation along with the Michigan Accreditation System to meet the needs of all our learners.

Parent Participation

Following is the number of students whose parents/guardians participated in at least one conference during the school year.

2010-2011 Total 1172 (85%)

Female 564; Male 608

Specialized Schools Serve Students

In addition to the regular K-12 program, Farmington Public Schools provides educational alternatives and opportunities for students, as well as meeting special education needs. These schools are:

Cloverdale School*

Farmington Central High School

Oakland Technical Center

Visions Unlimited

Learner Profile

Students will exhibit these characteristics:

- Knowledgeable
- Resourceful Problem Solver
- Communicator
- Interdependent Team Member
- Lifelong Learner
- Global Citizens
- Healthy Individual
- Culturally Competent

School Accreditation at North Farmington High School

No Child Left Behind (NCLB) requires that Adequate Yearly Progress (AYP) be calculated for all public schools, for each school district, and for the state. The school or district must attain the target achievement goal in reading and mathematics or reduce the percentage of students in the non-proficient category (partially proficient and not proficient) of achievement by 10% ("safe harbor"). A school or district must also test at least 95% of its students enrolled in the grade level tested for the school as a whole and for each required subgroup. In addition, the school must meet or exceed the other academic indicators set by the state: graduation rate for high schools of 80% and attendance rate for elementary and middle schools of 85%. These achievement goals must be reached for each subgroup that has at least the minimum number of students in the group.

The 2010-11 year's school improvement process focused School Data Profile/Analysis, State-required building school improvement plans, and supporting NCA District Accreditation. In the Spring of 2011, Farmington Public Schools completed Standards Assessment Report and hosted Quality Assurance Review (QAR) April 11-13, 2011. Based on the evidence reviewed by the QAR team, Farmington Public Schools was awarded the status of Accredited.

The Michigan School Accreditation System (MI-SAS) will replace Education YES! in the 2011-12 school year and will be based on student achievement and compliance with Michigan statutes. These components are combined to assign an Annual State Accreditation Status to each school. To provide educators, parents, and employers with a complete picture of the school, additional information about the school and its district, community, and the state is included as part of the "dashboard" display.

For detailed information go to: www.farmington.k12.mi.us/schools/annualreports

Farmington Public Schools' District Accreditation

During the 2008-09 school year, Farmington Public Schools began the process of District Accreditation from North Central Association Commission on Accreditation and School Improvement (NCA CASI). District Accreditation is a systems approach to improving student performance results over time. District Accreditation recognizes that increasing student achievement is more than improving instruction. It is a result of how effectively all the parts of the education system - the district, school, and classroom - work together to meet the needs of students.

District Accreditation applies the three pillars of accreditation - high standards, continuous improvement, and quality assurance - to the entire District to ensure alignment and support between and among all the departments and operating units of the District and its schools. The District Accreditation process provides the District with a comprehensive framework for continually improving student learning and District effectiveness.

In the Spring of 2011, Farmington Public Schools completed Standards Assessment Report and hosted Quality Assurance Review (QAR) April 11-13, 2011. The Quality Assurance Review (QAR) Team included eight members, four educators from Wyoming, Oklahoma and Indiana and four from Michigan. The team interviewed 195 Farmington stakeholders, reviewed artifacts for the 63 indicators and evaluated Farmington using each of the seven AdvancED standards. Findings were based on the team's ratings on evidence that was aligned with the seven AdvancED standards and related indicators. The following seven standards were judged and Farmington's ratings from Highly Functioning, Operational, Emerging or Not Evident are noted:

1. Vision and Purpose - FPS is Highly Functioning
2. Governance and Leadership - FPS is Highly Functioning
3. Teaching and Learning - FPS is Highly Functioning
4. Documenting and Using Results - FPS is Operational
5. Resource and Support Systems - FPS is Highly Functional
6. Stakeholder Communications and Relationships - FPS is Highly Functional
7. Commitment to Continuous Improvement - FPS is Operational

Based on the evidence reviewed by the QAR team, Farmington Public Schools was awarded the status of Accredited.

Graduation Rate

The graduation rate is the percentage of ninth-graders who graduate from high school within four years adjusting for students who move in or out of the District and to alternative programs. The rate is calculated by the State from data provided by the District for the 2009-2010* school year.

FHS 95.30%

HHS 90.16%

NFHS 96.34%

FCHS 38.89%

District

2009-2010 89.20%

2008-2009 85.05%

**2010-2011 graduation data was not available at press time.*

District employs only highly qualified staff

All teachers employed by Farmington Public Schools have earned "highly qualified" status, as defined by the No Child Left Behind Act. This means that a series of stringent requirements have been met by the teacher, in addition to qualifying for a teaching certificate in the State of Michigan. Some of these requirements include: passing the Michigan Test for Teacher Certification (MTTC) subject content examination for various subjects taught, earning an academic major in the content area, earning a Master's Degree in a related area, earning National Board Certification, teaching for at least three years AND earning 18 semester hours in an approved program directly related to content area or 90 contact hours of professional development, or demonstrating competence as outlined in a local performance assessment portfolio.

For detailed information, go to: www.farmington.k12.mi.us/schools/annualreports

Points of Pride

1. NFHS celebrated multiple National Merit Finalists and Commended Scholars. Students captured top awards in district, regional, state, and/or national competitions in MITES, automotive, math, music and art. A student was the world-winner in DECA competition. Two students earned a perfect 36 score on the ACT. We had 90 AP scholars and were recognized by ACT for exceptional achievement.
2. A large number of students participated in a wide range of leadership and/or diversity workshops and conferences. This included attending an MSAN conference, School Achievement conference, and having a Diversity Dialogues course in conjunction with the University of Michigan, during the third trimester, for students from all three district high schools.
3. Our art department continues to provide hundreds of students with rich and varied art experiences. Art work is on display all over the building, including pieces we purchase from graduating seniors, for our permanent art collection. This year in adjudicated shows, students captured many top honors, at the state and national levels.
4. We were named one of *Newsweek's* best high schools in America for the eighth straight year. We continue to have 95-98% of graduates go on to college. *The Michigan Daily* reported NFHS as the highest percentage of enrolled students graduating.
5. Many athletic teams were ranked and performed at championship levels. Individual athletes earned all-state recognition and eleven signed scholarships to play NCAA sports.
6. For the sixth straight year, the school continued an interdisciplinary study. This year's was, "50" – 50 Years of Excellence at NFHS. In honor of NFHS's 50th anniversary and to memorialize September 11, 2001...NFHS was humbled to acquire a piece of the World Trade Center. It will be part of a 12" sculpture placed in an outdoor garden classroom.
7. The school claimed the State Journalism Teacher of the Year, who also won the FPS Judy White-Ora- Teaching with Heart and Soul Award.
8. Students continued the proud tradition of world class musicals with this year's performance of, "Pippin".
9. NFHS raised thousands of dollars for charities through our annual charity week events and on-going charity activities this year, including Japanese earthquake relief, the Invisible Children of Uganda, Think Pink, and many more.
10. Students continue to do community service at stunning rates. Seniors in the Class of 2011 performed over 10,000 hours of service during their North Farmington careers.

Challenges We Face

1. We continue to face challenges related to state budget cuts. Our challenge is to continue to provide quality programs and services during these most difficult economic times.
2. We will be into our fifth year of the trimester schedule format. We will continue developing our LINK program for 9th grade transition as well as looking at other meaningful ways to provide academic support/interventions.
3. Staff will continue to work collaboratively to enhance student learning with emphasis on standards and assessments without compromising personal interactions with students. Indeed, our high school professional development efforts will focus on relationships, classroom engagement techniques, and curriculum standards.
4. We will try to mesh major local, state, and national school improvement programs with NCA and our building goals, strategies and assessments. In this context, we will continue to establish high standards without needless standardization.
